15. Group Performance Review

The Group revenue for the current financial quarter ended 30 June 2014 decreased by RM10.68 million to RM15.13 million from RM25.81 million in the preceding corresponding period. The decrease in revenue was mainly due to slower progress at site of several construction contracts undertaken by the Group. The results relate solely to the construction operating segment.

The Group generated a profit before taxation of RM2.38 million, an increased in profit of RM6.20 million as compared to loss of RM3.82 million in the preceding corresponding period. The increase in profit before taxation in the current quarter was mainly attributed to the higher amount for reversal of impairment loss on trade receivables in the current quarter period.

16. Comparison with Preceding Quarter's Results

The Group revenue decreased to RM15.13 million for the current quarter, as compared to revenue of RM22.89 million for the immediate preceding quarter. The decrease in revenue was mainly due to slower progress at site of several construction contracts undertaken by the Group. The results relate solely to the construction operating segment.

The current quarter generated a profit before taxation of RM2.38 million, an increased from RM0.88 million profits recorded in the immediate preceding quarter. The increase in profit before taxation in the current quarter was mainly attributed by the reversal of impairment loss on trade receivables in the current quarter period.

17. Prospect for the Financial Year 2014

The Directors expect the Group's operating environment to remain challenging and competitive. Barring unforeseen circumstances, the Board foresees the Group's operational results for the financial year 2014 will be satisfactory.

The revenue generation will come mainly from the construction contracts from the property development projects. The Group anticipates that the property development market i.e., the construction of housing and commercial buildings, will remain challenging. For the construction sector, the greatest challenge for the Group will be the price fluctuations of the construction materials.
